- Community Resources Awareness
- Personal and Career Counseling

Outcomes

The holistic development of students is a primary goal of the Finlandia Community. In aligning with the Finlandia Plan, the Student Affairs Department and Finlandia student body are committed to:

Outcomes	Some Examples	Finlandia Plan Outcome(s)
<u>Safety</u> - As a result of enrollment at Finlandia University, students will feel that they are part of a safe learning community.	Approaching someone who may be doing something wrong and politely asking them to stop, reporting violations or concerns to appropriate university officials	Citizenship
<u>Respect</u> - As a result of enrollment at Finlandia University, students will understand their place as a member of a diverse learning community.	Learning about another culture through the International Club, carrying on a conversation with a fellow student in the café, or working out a roommate conflict in Finlandia Hall	Critical and Creative Thinking Cultural Heritage and Literacy
<u>Social Maturity</u> - Through day-to-day interactions and institutional programming, students will develop strong interpersonal skills.	Learning through the disciplinary process, or helping and encouraging a new student during Orientation	Communication Citizenship
<u>Service</u> - As a result of enrollment at Finlandia University, students will gain a better understanding of service-learning through service activities.	Participating in a service project, helping a student with a small task, or getting involved with a community group	Citizenship
<u>Creativity</u> - Through curricular and co-curricular activities, students will display their creativity as they establish their identity.	Encouraging students to view a school play or the work of an art student, participate in student activities, or attend an athletic event	Critical and Creative Thinking
<u>Leadership</u> - Through Student Affairs programming activities, students will develop leadership skills.	Serving as a resident assistant or student leader, attend Student Senate meetings	Analytical skills Critical and Creative Thinking
