

Covid-19 Response Message

March 14, 2020

Dear Finlandia Students, Faculty, Staff, and Administrators,

Campus leadership continues to discuss and plan through the weekend to monitor changing conditions related to COVID-19. Updates are possible at any time. I ask that you frequently visit our website or social media platforms for any possible modifications to our current level of response.

I also wish to express deep gratitude for the unselfish demonstrations of mutual support that have characterized these past two days on our campus. There has been an abundance of *sisu*, good will, and care expressed among students and among faculty, staff, and administrators. I'm grateful. I know this will mark our learning community going forward as well.

We resume our spring semester online next Wednesday, March 18th. Students, I urge you even now to be reaching out to faculty and staff with any questions or concerns as they continue to reach out to you in various and frequent ways. pj

Philip Johnson
President
